

Team Contributions

Matthew Jimenez -

- Did work relating to calibrating the outputs of the LUKE model.
- Wrote all sections within paper relating to the LUKE model. (4.1, 5.1)
- Wrote the section describing “Confidence” within definitions (2.1)

Quentin Mot -

- Did work relating to calibrating the outputs of the T5 model.
- Wrote all sections within paper relating to the T5 model. (4.2, 5.2)
- Wrote the introduction to the paper (1)
- Wrote the description of all calibration methods (3.1 - 3.4)

Jackson York -

- Assisted both previously mentioned members in the completion of their two model calibrations.
- Assisted greatly in the creation of tables and the general organization of the paper.

All members -

- Attended team meetings regularly
- Were invested in the completion of the project
- Assisted other team members regularly when encountering roadblocks, if possible
- Assisted in writing various parts of the paper - all unnamed portions within previous sections of this document - collaboratively.
